

KANGEN WATER

World's Healthiest Water

Change Your Water... Change Your Life

Revolutionize Your Lifestyle With Water

ADVANCE JAPANESE TECHNOLOGY

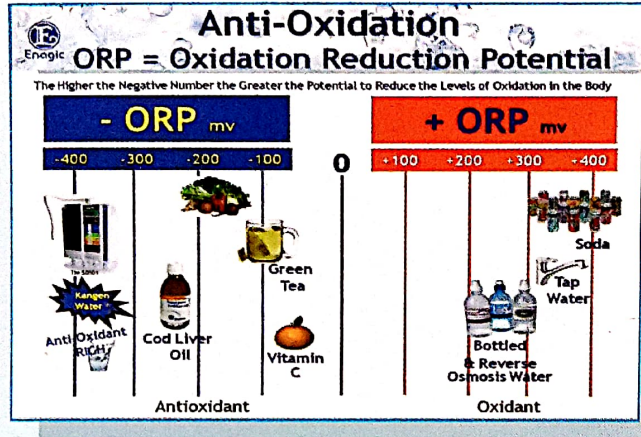

Kangen Water® is delicious water created from Enagic's innovative water technology. Not only do these devices filter your tap water, but they also produce ionized alkaline and acidic waters through electrolysis. These waters can be used for various purposes, including drinking, cooking, beauty, and cleaning.

KANGEN WATER: BEYOND DRINKING

- ❖ Creates a chemical-free sanitiser that kills 99.9% of all bacteria.
- ❖ Produces water that can leach toxins and pesticides from your vegetables.
- ❖ Duplicate the property of waters found in healing locations all over the World.
- ❖ Generate water that is good for skin and beauty.
- ❖ Strong acid water helps in Eczema, Acne, Psoriasis and other skin allergies.

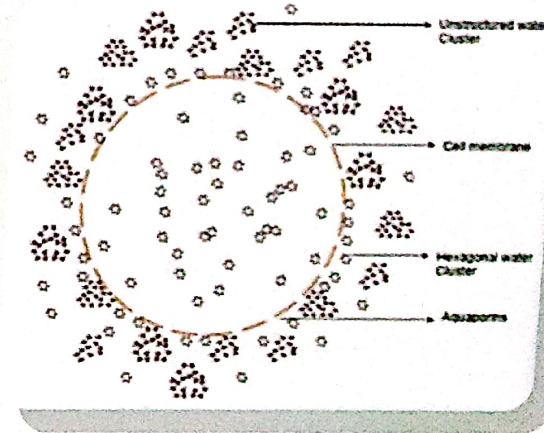

POWERFUL ANTI OXIDANT

Kangen water provides extra electrons that neutralize destructive free radicals circulating throughout the body. Kangen water carries a high negative ORP (Oxidation Reduction Potential) when it is first produced, making it a potent antioxidants.

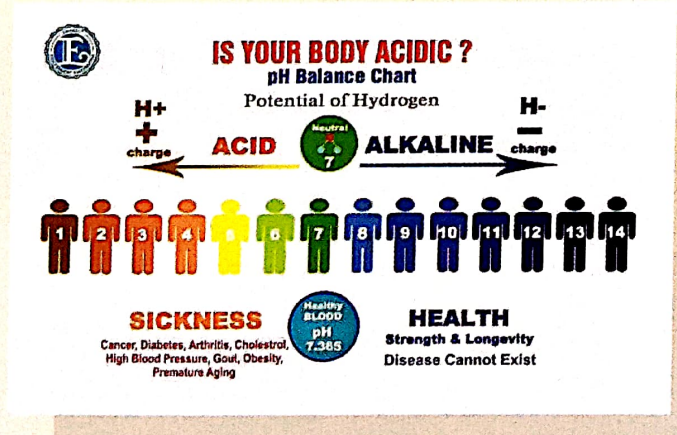

MICRO CLUSTERED

The process of ionization reduces the size of the water cluster by two thirds and creates a hexagonal shape. Smaller, hexagonal water clusters easily hydrate the cells, enhancing waste removal.

ALKALINITY

Kangen water raises tap water pH by ionizing or splitting the water molecules (H₂O) resulting in the ions H⁺ (hydrogen with a positive electrical charge), and OH⁻ (hydrogen with negative electric charge), as well as ionic alkaline minerals.

HYDROGEN ENRICHED WATER

The molecule of hydrogen water is small enough to penetrate into cells deeply. The utmost thing is hydrogen water can neutralize ROS, Reactive Oxygen Species which are notorious for destroying normal cells or distorting DNAs. Besides, you can also enjoy helpful minerals dissolved in hydrogen water.
